

OFFICES WITH CHARACTER AND ERGONOMIC DESIGN

A modern office interior with a wooden floor, a round table, and colorful chairs. The office has a high ceiling with exposed ductwork and a glass railing. The design is characterized by its open-plan layout and use of natural materials.

WE HAVE BEEN
DESIGNING, SUPPLYING
AND INSTALLING
OFFICE FURNITURE
FOR SMALL TEAMS
AND CORPORATE
HEADQUARTERS FOR
MORE THAN 20 YEARS.

We specialize in the design, delivery and long-term care of office interiors. Our comprehensive services cover every stage of the process—from the initial concept and detailed planning to precise implementation and ongoing maintenance. We transform workplaces into environments where functionality, ergonomics and aesthetics come together seamlessly.

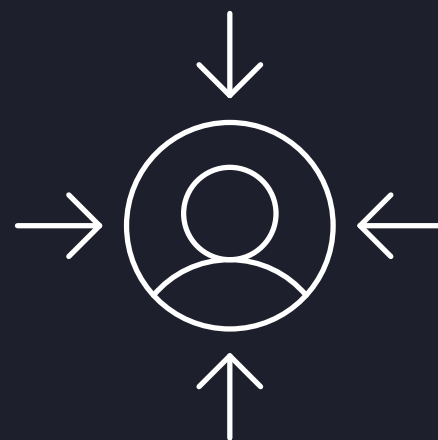

At PRAGES, we believe office spaces are much more than places to work. They are where ideas are born, teams grow stronger and company culture takes shape. Our goal is not simply to create an office, but to bring your vision of the ideal workplace to life.

SERVICES

01

OFFICE DESIGN & SPACE PLANNING

We analyse the number of workstations, team structures, meeting rooms, reception areas, kitchenettes, storage requirements and circulation routes. Every design combines efficient space planning, ergonomics and a professional interior aesthetic.

- Workplace and space planning
- Planning of workspaces and shared areas
- Ergonomics, acoustics and material selection

03

BESPOKE FURNITURE & CUSTOM-MADE SOLUTIONS

When standard furniture is not enough, we design tailor-made solutions that meet your specific dimensions, functions and material requirements. From reception desks and built-in storage to kitchenettes and branded interior features, every piece is created to fit your space perfectly.

- Furniture tailored to your floor plan
- Coordinated finishes, materials and detailing
- Integration with building services

05

DELIVERY, INSTALLATION & QUALITY ASSURANCE

We carefully schedule delivery and installation to ensure every component arrives in the correct sequence and is assembled safely and efficiently. Before handover, we perform a thorough inspection to verify functionality, placement and finishing details.

- Coordinated furniture delivery
- Installation according to the approved design
- Final inspection and client handover

02

OFFICE FURNITURE FOR EVERYDAY USE

We help you select the right desks, meeting tables, height-adjustable workstations, ergonomic chairs, storage units, cabinets and complementary furnishings. Our focus is on durability, user comfort, serviceability and seamless integration with the overall office design.

- Work desks and meeting tables
- Ergonomic office chairs and seating
- Storage, reception and kitchen solutions

04

OFFICE FIT-OUT & PROJECT COORDINATION

For comprehensive projects, we prepare implementation schedules, coordinate all contractors and trades, supervise quality, manage budgets and oversee every phase of the project. Our goal is a smooth delivery process with clear accountability from start to finish.

- Budget planning and project scheduling
- Contractor coordination and technical supervision
- Quality control, inspections and project handover

06

AFTERCARE & OFFICE INTERIOR SUPPORT

As your business evolves, so do your workspace requirements. After project completion, we continue to support you with additional workstations, layout modifications, furniture servicing and further improvements to ensure your office continues to meet your operational needs.

- Expansion and upgrades of existing furniture
- Adaptation to company growth
- Long-term maintenance and support
